

COVID-19 Update – Path to Green, COVID-19 Vaccination Information and Mental Health support.

Dear Members:

Path to Green Phase of Recovery

On May 27, 2021, the Province of NB announced its path to the green phase of recovery and the timing for an eventual end to the Mandatory Order and the State of Emergency. This path to green will see a loosening of restrictions in three phases subject to specific conditions including vaccination rates, low numbers of COVID-19 hospitalizations and all health zones remaining in the yellow zone. Details of each of the phases and their specific conditions can be found in [this information prepared by the Province of NB \(Click Link\)](#).

For REALTORS® we would like to identify a few key highlights of this path to green recovery plan:

- When we achieve the conditions required to enter phase I of the path to the green level of recovery, all those travelling into New Brunswick will still be required to register their travel into the Province of NB at the following link: [Travel Registration](#) When phase II of the path to green is reached, the requirement to register your travel will be lifted for anyone travelling into New Brunswick from within Atlantic Canada (including Nova Scotia), Avignon region or Témiscouata region of Quebec. When phase III of path to green is reached, there will no longer be a requirement to register travel into New Brunswick.
- In phase I, the current rules for designated isolation hotels will remain in effect for anyone travelling from outside NL, PE, Avignon and Témiscouata region of Quebec.
- In phase I of the path to green, those wishing to move to New Brunswick, rotational workers and anyone travelling to NB from outside of Newfoundland and Labrador, Prince Edward Island, Avignon and Témiscouata region of Quebec will be required to self-isolate and take a COVID-19 test between days five and seven before they can discontinue their isolation.
- When phase II of the path to green is reached, anyone from within Atlantic Canada (including Nova Scotia), Avignon region or Témiscouata region of Quebec may enter New Brunswick without the requirement to self-isolate.
- When phase II of the path to green is reached, any Canadian travellers or travellers from Maine, who have had at least one dose of COVID-19 vaccine, will be permitted to enter without needing to self-isolate. In this phase II, any Canadian travellers, or travellers from Maine, who have not been vaccinated will be permitted to enter the province but will be subject to testing and isolation requirements. There will also be specific isolation

and testing requirements for any international travellers entering New Brunswick with fewer than two doses of a vaccine.

- When entering phase III, the Mandatory Order will be lifted and there will no longer be any restrictions.

Vaccination Information

The Province of New Brunswick's path to green recovery plan is dependent on the Province of NB achieving certain vaccination targets. For those who are interested in learning more about COVID-19 vaccines or how to book and prepare for a vaccine appointment, please click the following link ([Province of NB – Vaccination information.](#)). The COVID-19 consent form and after-care vaccine information sheets can be found at this link. In addition, the consent form and after-care vaccine information sheets are available in both French and English and have also been translated into 11 additional languages.

Information on Mental Health

For anyone who is seeking support for their mental health, the Province of NB has provided a list of helpful resources. These resources can be found at the following link ([click link](#)).

Key Reminders

We ask all REALTORS® to please continue to be vigilant by following all public health guidelines including:

- stay home if you are sick.
- wash your hands regularly.
- maintain physical distancing (2 meters or 6 feet apart).
- wear non-medical masks.
- complete COVID-19 screening.
- regularly clean and disinfect high touch areas.
- retain proper contact tracing information.
- consistently carrying out all the actions outlined in your up-to-date operational plan and keep a copy with you at all times (electronic or hard copy).
- If you have COVID-19 symptoms, **even if those symptoms are mild**, please use the self-assessment tool available on-line to determine if you should be tested for COVID-19. [Self-Assessment Tool](#); and
- Download the COVID-19 Alert App [Covid Alert App](#). [If you have questions including privacy concerns about the COVID Alert App, please click here.](#)

Thank you for doing your part to protect your clients, your fellow REALTORS® and all New Brunswickers!
